

Md. Nur Uddin

Full Stack Developer

Chattogram, Bangladesh | +8801648502726 | saadmannur99@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full Stack Developer skilled in **React.js, Next.js, Node.js, Express.js, MongoDB, and JavaScript**, with experience building complete, responsive web applications from user interfaces to backend APIs and database-driven functionality. Experienced in developing REST APIs, CRUD operations, authentication and authorization, role-based access control, API integration, and responsive dashboards. Also experienced with Better Auth, Stripe, Firebase, and modern deployment platforms. Focused on building clean, maintainable, and scalable web solutions.

TECHNICAL & SOFT SKILLS

Frontend: JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST API, JWT (JSON Web Token), Authentication & Authorization, CRUD Operations

Database: MongoDB, MongoDB Atlas

Development: API Integration, Client-Side Rendering, Server-Side Rendering, Reusable Components, Role-Based Access Control

Tools & Platforms: Git, GitHub, VS Code, Thunder Client, Firebase, Vercel, Netlify, Chrome DevTools

Soft Skills: Problem Solving, Critical Thinking, Research & Analytical Skills, Communication, Attention to Detail, Adaptability, Time Management, Teamwork & Collaboration

PROJECT EXPERIENCE

LIFE SIZZLE – Personal Life Lessons Sharing Platform [Live](#) | [Client](#) | [Server](#)

Tech Stack: Next.js, React.js, Node.js, Express.js, MongoDB, Better Auth, Stripe, Tailwind CSS

- Built a complete full-stack community platform for creating, managing, and sharing personal life lessons with public/private visibility, categories, emotional-tone tagging, likes, favorites, comments, and personalized activity.
- Developed responsive frontend interfaces and reusable components using **Next.js, React.js, and Tailwind CSS**.
- Developed backend functionality and API-driven features using **Node.js, Express.js, and MongoDB**.
- Implemented authentication and role-based access control with Better Auth, including Email and Google authentication, user permissions, and protected admin functionality.
- Developed separate user and admin dashboards with content moderation, user management, reports, analytics, and a Stripe powered premium subscription system.

PAWSNEST – Pet Adoption Platform [Live](#) | [Client](#) | [Server](#)

Tech Stack: Next.js, React.js, Node.js, Express.js, MongoDB, Better Auth, Tailwind CSS

- Built a full-stack pet adoption platform where users can browse pet listings, view detailed profiles, publish pets for adoption, and submit adoption requests.
- Developed responsive interfaces using Next.js, React.js, and Tailwind CSS for pet browsing and management workflows.
- Implemented complete CRUD functionality and backend-driven adoption workflows.
- Developed authenticated dashboards with separate permissions for pet owners and adopters, including adoption request tracking and management.

ROYALS BOOKS – Online Library Management System [Live](#) | [Client](#) | [Server](#)

Tech Stack: Next.js, React.js, MongoDB, Better Auth, Tailwind CSS

- Developed a responsive online library management platform with searchable book listings, detailed book information, author profiles, and user profile management.
- Implemented secure authentication and protected user functionality using Better Auth.
- Built reusable UI components and responsive layouts for consistent application behavior across desktop and mobile devices.
- Implemented editable user profile functionality and database-driven application features.

EDUCATION

Bachelor of Arts (B.A.) in Islamic History and Culture, University of Chittagong | 2023 – Present

COURSE & CERTIFICATES

Complete Web Development Course by Programming Hero [Certificate](#)

Next Level Foundation Program by Programming Hero, AI for Beginners by HP LIFE online course

LANGUAGES

Bangla (Native) | **English** (Professional Working Proficiency) | **Hindi** (Conversational)
